Giving Support

The Ministry provided within January 2021 support for many of materials, in amount of about 14 million Kuwaiti Dinar (14,454,473 KD), so its support has been decreased in rate about 20% from last month.

The basic materials set which are provided with the rationing cards for this month got about 8.7million KD, in percentage of 61% of the aforementioned support, this set contains Beshawer reice, sugar, ordinary powdered milk, vegetable oil, tomato paste, .checkins, lentils and flour

It is noticeable that; its support has been increase in percentage of 27% in comparing of last December, but if we add to this set the support of the infants milk and feeders with percentage of 4% of the total support, so the gross total support for Flour Mills Company is about 64% of the total support provided within January 2021.

Also, the previous support amount has been given to the Kuwaiti companies for ration, which total amount was about 9 million KD, its support has been increase with percentage of 28% from what was given within last month

The cement support amount for Kuwait Flour Mills and Bakeries Company and Kuwait Cement Company reached about 384 thousand KD, with percentage of about 3% of the total support, it is noticeable that; its support has been decreased with .percentage of about 5% from last month

The iron support amount

which was provided by the Ministry within the month was about 1>06 million KD, which represents about 9% of the month support, it is noticeable that; an increasing .with percentage of about 21% was happened in comparing of the last month

The support of the isolating

white bricks within this month reached about 252 thousand KD, with percentage of 2% of the total support of the month; it is noticeable that; an increasing with percentage of about 52% was happened in comparing of the last month

The conditioning support

reached about 509 thousand KD, with percentage of 4% of the total support of the

month; it is noticeable that; an increasing with percentage of about 13% was .happened in comparing of the last month

Concrete support reached

about 740 thousand KD, with percentage of 6% of the total support of the month; it is noticeable that; an increasing with percentage of about 22% was happened in .comparing of the last month

The cementic bricks support

reached about 300 thousand KD, with percentage of 2% of the total support of the month; it is noticeable that; an increasing with percentage of about 29% was .happened in comparing of the last month

Sanitary ware sets support

reached about 85 thousand KD, with percentage of 1% of the total support of the month; it is noticeable that; an increasing with percentage of about 33% was .happened in comparing of the last month

The electrical wires support

reached about 298 thousand KD, with percentage of 2% of the total support of the month; it is noticeable that; an increasing with percentage of about 14% was .happened in comparing of the last month

Ceramic and porcelain

support reached about 27 thousand KD, with a negligible percentage of the total support of the month; it is noticeable that; an increasing with percentage of about .43% was happened in comparing of the last month

The external cladding support

reached about 253 thousand KD, with a negligible percentage of the total support of the month; it is noticeable that; an increasing with percentage of about 4% was .happened in comparing of the last month

The waterproofing support

reached about one thousand KD, with a negligible percentage of the total support of .the month

It was provided about 402 thousand cement sacks for 238 beneficiaries, 9 thousand tons of iron for 215 beneficiaries, about 19 thousand cubic meters of the isolating white bricks have been provided for 216 beneficiaries, 3 million bricks of the cementic bricks have been provided for 209 beneficiaries, 82 thousand cubic meters of the ready concrete have been provided for 206 beneficiaries, all of these materials have
